

Clawson.

We have fine weather now and everybody is plowing for the spring crop.

Rev. T. W. Hogsett preached a very good sermon for us at the Clawson school house last Sunday. His text was from 1 Cor. 13-13.

We are glad we say Brother Hogsett has announced his intention of preaching for us the rest of the year. We have not had any preaching here this year until now.

Sunday school will be organized at the Clawson school house next Sunday, May 5th. We hope everybody will come out and help to make the good work a success.

Harter Bros. sawmill has again resumed operation after its recent shut down.

Little Warwick Friel was plowing for F. M. Jackson this week. He is a very hard working boy and during the past few months has skidded logs for Higgins & Simmers and did as much work as some of the men.

We understand that some miscreant put soap on the rail of P. P. Griffin's log road one day last week and caused a good bit of trouble for the trainmen. Otherwise everything is going along fine.

Joe Dilley is delivering fruit trees for a New York Nursery company and is having good luck with his delivery.

There is no sickness worthy of mention at this time.

would learn by this time that no letters are published by any newspaper unless the name of the writer accompanies them.

We are now back in the quarters from which the first copy of the Messenger was issued nearly seven years ago. Subscribers who were with us then will notice that the paper is twice as large now, and without boasting, we might say nearly twice as good.

Maurice, the sixteen months old child of Mr. and Mrs. Phil Morton, died very suddenly at the home of his parents at Campbelltown last Monday evening. The cause of his death is unknown. Funeral services were conducted at the home Wednesday morning and the remains were taken to Pennsylvania for burial.

Mr. and Mrs. W. B. Sharp, of Bristol, Tenn., are visiting the latter's parents, Mr. and Mrs. B. M. Yeager, at this place. They will visit relatives in other parts of the county before their return. Brad has been considerably under the weather for some time past and we hope that his health may be restored by breathing his native atmosphere for a while.

who are anxious to know whether the "Fats" did their own base running we will say they did but it was a mighty dern poor exhibition of running.

A number of our local sportsmen, including Deputy Game Warden Paris D. Yeager, Pat Simmons and Editor Calvin W. Price, have been arrested by Frank Merrick, Deputy State Game Warden, of Huntington, on the charge of running deer with dogs. Their trial will come up before Squire Bird August 10th. The arrest was made upon complaint of Ronceverte hunters who claim to have been eye witnesses to the alleged violation of the law. Mr. Merrick made a thorough investigation of the charge and found no truth in it, but all the parties over whom the charge was resting insisted that the case come to trial. Last fall the alleged game law breakers got permission to post a certain piece of land near Beard and the Ronceverte parties who were hunting there at the time took this means to get even with them. We will wager our head that no persons in the state are more anxious to uphold the game laws than are the persons named.
